Dear Friends,

The Foundation is a community-based organization, established in 1982, which provides support for the implementation of district-wide programs that benefit all students within the Fountain Valley School District. Our goals are to increase the awareness of educational needs in our schools and to secure funding through corporate sponsorships, business partnerships and donations from the community.

With statewide budget cuts, our schools are more dependent than ever on outside support to maintain the high level of educational programs that are vital to our children's success. We desperately need your help to save existing programs in danger of being eliminated. Our main focus is to raise the funds necessary to provide all kindergarten through 8th grade students with weekly music and fine arts instruction, as well as a quality, hands-on inquiry based science program.

The Fountain Valley Educational Foundation offers you an opportunity to invest in the future of our community through the education of our children. Your contribution can help "move our students from good to great" and ensure that every student receives the quality education that they deserve. What better way to invest in our children and our collective future?

If you need any additional information or have any questions, please do not hesitate to contact me at (714) 843-3255.

Thank You,

Carla Neeld, President  
Fountain Valley Educational Foundation

### ***MISSION STATEMENT***

**The Fountain Valley Educational Foundation was created as a non-profit organization to solicit, manage and distribute funds, received from private and public sectors, to the Fountain Valley School District. The Foundation is dedicated to supporting and enhancing the quality of education within the Fountain Valley School District.**

***"Moving our students from good to great."***
